

# HOUSEHOLD CARE

brighter colors, whiter whites, and light, soft fabric.

---

## CONVERT YOUR HOME... WITH MODERE

The global Modere Healthy Homes initiative is focused on improving the planet, one person at a time, one household at a time, and one family at a time.

It confirms our mission to improve the quality of people's lives by offering alternative products that minimise their exposure to potentially harmful ingredients!

Experience for yourself these truly effective products.

---

## LAUNDRY POWDER

Formulated especially for Australian conditions with a sun protection agent to reduce fading and keep your clothes looking great for longer. This 'tough on dirt gentle on fabrics' formula effectively takes care of your family, your clothes and the environment.

Follow instructions on the label depending if the machine is a front loading machine or a top loader.

---

## FABRIC SOFTENER

The biodegradable, vegetable-derived cationic softener in our product gives your clothes incredible softness without any animal by-products. This gentle formula avoids harsh chemicals and works in all water temperatures.

Machine wash: Pour 10mL-20mL into the final rinse cycle, or the in-built dispenser of your washing machine.

Hand Wash: Depending on the volume of water, pour 10mL-20mL into the final rinse.

---

## DISH WASH

Our gentle yet powerful Dish Wash formula uses plant-derived surfactants to effortlessly clean while leaving your hands soft and smooth. It suspends grease and oil in the water to leave your sink clean after rinsing.

Add a very small amount to warm to hot water.

---

## DISHWASHER POWDER

This proprietary blend uses biodegradable ingredients to cut through the toughest possible cleaning challenges your kitchen can dish up - but of course the formula is as gentle on the environment as it is tough on grease and grime. Suitable for all dishwashers.

Remove excess food scraps from dishes, then load. Add one scoop to detergent dispenser.

---

## MULTI PURPOSE SANITIZER

Powerful enough to knock out odours on almost any surface, yet safe enough to dilute and rinse fruit and vegetables in? Absolutely. This non-toxic formula could be your new best friend around the home, with its simple, biodegradable oxidising agent that means no harsh chemicals whatsoever.
